

The Association of Child Development Specialists

## **Networking and Vision Focus Group for the Future of ACDS**

Sunday, March 26, 2023 at 10am

This meeting will be in-person  
at a location in Los Angeles TBA

ACDS has a rich history as a unique community of members from a wide variety of disciplines - counselors, psychiatrists, educators, physicians, and therapists. Since 1983, ACDS has given these professionals the opportunity to network and exchange knowledge and ideas with others. Bringing together those with a broad range of interests and expertise enhances each member's ability to serve the whole child in the context of family and community.

The past few years our organization has been able to continue to fulfill its mission by using an online platform. Now that we are returning to a "new normal," we feel it is a good opportunity to reevaluate our organization to better understand how best to continue to meet the needs of our members.

We would love to hear from *all* our members so that we can best plan and provide meaningful opportunities to connect, learn, and support one another. *ACDS needs you to join us in this process.*

ACDS' Executive Committee invites you to join us on Sunday, March 26th at 10am for a Networking and Vision Focus Group where we hope to gain insight, feedback, and ideas for the future of the organization with the goal of better serving our community and providing more opportunities to connect both personally and professionally in a supportive community.

Please let us know if we can count on you to join us in shaping the future of our organization! Please RSVP at <http://tiny.cc/ACDSEvent>
